[Black History Month](#) (African American History Month) is observed annually in February to celebrate and recognize the contributions and achievements of African Americans. It is also a time to reflect on the continued struggle for racial justice.

During our observance of Black History Month, SRCD highlighted three members of the [SRCD Black Caucus](#), Drs. Seanna Leath, Shawn C.T. Jones, and Stephen M. Gibson, who have made a significant impact on its membership and their work in developmental science.

Learn about the advice they would give to students, their influential mentors, and more!
